Grace Livingston Hill : Out of the Storm (Love Endures) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Out of the Storm (Love Endures):

0 of 0 people found the following review helpful. A great start...and then the letdownBy P. CullenThe first 2/3 of this story reveal the enchanting story of a couple's unlikely adventure at sea. Their relationship develops when they are washed up on an island and taken in by two interesting characters who live in a seaside cottage. Unfortunately, the last third of the story is about as incoherent as any GLH novel I've ever read (over 20, by now). The author seemed at a loss on how to insert dramatic tension into the story. Even allowing for the cultural disparity of a bygone era, the heroine's venture into the world of filmmaking and acting merely provide a ridiculous plot twist that does not serve the story well.0 of 0 people found the following review helpful. Lovely read.By CustomerGLH was the first Christian fiction author that I ever experienced. She was one of the first cfa's in general. Her audience is from a different time and purity in all matters and a faith in God are really strong components in all of her stories.This is a nice story of heroics, duty, and blossoming love. My only con is that the hotel is almost always the "pure" one and the guy is usually always the one who has to change his ways.2 of 2 people found the following review helpful. Great book, as usual.By Mountain NurseGrace Livingston Hill...great writer, great book. I don't have anything else to add that's not already been said, but Grace hardly ever disappoints. Her books are wholesome snatches of yesteryear and I'm so thankful someone has taken the time and effort to put them into eBook format!

As a traveling companion to a wealthy woman, Gail Desmond finds herself on a steamer that has had a collision during a storm and is going down fast. A man comes to her rescue but is injured in the process. Adrift on the sea with the unconscious man, she prays for a way to reach the distant shore. But, if she is to survive this, what kind of future awaits a penniless woman with no family?
